

GPS Locations by Month for BirdID: 4271_2022

Latitude Over Time for BirdID: 4271_2022

A scatter plot on a white background with a light gray grid. The plot displays two distinct clusters of data points. The first cluster, represented by red semi-transparent circles, is located on the left side of the plot, spanning approximately from x=10 to x=60 and y=30 to y=90. The second cluster, represented by blue semi-transparent circles, is located on the right side, spanning approximately from x=65 to x=95 and y=30 to y=90. There is a clear vertical gap between the two clusters, with no overlap between the red and blue points. The points are distributed somewhat irregularly within their respective clusters, with some outliers.
